## Occurrence Records of

## **Grand County Birds**

A Checklist for Grand County, Colorado

DATE:	TIME:
OBSERVER(S):	
LOCATION:	
TEMP: WIND:	SKY: PRECIP:
NOTES:	
TOTAL SPECIES:	_

KEY:									
	Abundance in Proper Habitat								
1	Abundant; Probability of seeing or hearing, 90% plus								
2	Common; Probability of seeing or hearing, 50-90%								
3	Moderate; Probability of seeing or hearing, 10-50%								
4	Uncommon; Probability of seeing or hearing, 1-10%								
5	Irregular; Sometimes common, sometimes rare								
6	Rare; Fewer than 5 records found								
	Habitat								
Α	Aspen and Mountain Deciduous								
С	Coniferous Forest								
F	Freshwater Marshes								
G	Grassland, Agricultural, Sagebrush Transition								
L	Lakes, Ponds, Rivers and Streams								
М	Mountains and Meadows								
N	Canyons and Cliffs								
Р	Pinyon - Juniper								
R	Riparian - Along Rivers and Streams

## **BIRDING CODE OF ETHICS:**

- 1. Promote the welfare of birds and their environment
- -Support the protection of important bird habitat.
- -Avoid stressing birds or exposing them to danger, exercise restraint and caution during observation.
- -Keep well back from nest sites, roosts, display areas and important feeding areas.
- -Before advertising the presence of a rare bird, evaluate the potential for disturbance to that bird, its surroundings and other people in the area. Nest sites of rare birds should only be reported to the proper conservation authorities.
- -Stay on roads, trails and paths where they exist, otherwise keep habitat disturbance to a minimum. Follow all travel regulations on public lands.
- 2. Respect the law and rights of others
- -Do not enter private property without permission.
- -Know applicable rules and regulations on public lands.
- -Practice common courtesy in contacts with other people.
- -Follow the principles of Leave No Trace www.int.org
- 3. Ensure that feeders, nest structures, and other artificial bird environments are safe
- -Keep seed dry, clean and free of decay and disease.
- -Remain reliable when feeding birds, especially during harsh winters.
- -Maintain and clean nest structures regularly.
- -Ensure that birds attracted by feeders or other means are not exposed to predation from domestic animals, such as cats, or to other artificial hazards.
- -Bring in bird feeders and bird food at night to avoid attracting bears, spring thru fall.

The Birds of Grand County, Colorado Field Checklist (Jasper DA and Collins WS. 1991. Fourth Edition. Boulder CO) was updated to produce this list of 252 species (144 breeding species) with records from USFS-ARNF Sulphur District, Audubon's Christmas Bird Count, Colorado Field Ornithologists, Denver Museum of Nature & Science (Dr. John Demboski, Curator of Vertebrate Zoology), sighting reports from local observers and work done by several authors including:

Andrews R and Righter R. 1992. Colorado Birds. Denver Museum of Natural History. Denver CO.

Kingery HE (editor). 1998. Colorado Breeding Bird Atlas. Colorado Bird Atlas Partnership and Colorado Division of Wildlife.

Liewer J. 2003. Birds of West Grand County, Colorado (Second Edition). Colorado Division of Wildlife. Hot Sulphur Springs CO.

Original dataset and list format by David A. Jasper, used with permission.

In most cases, single sighting records and records prior to 1940 have been omitted. Species are listed by common names in taxonomic order as set by the American Ornithologists Union, North American Classification Committee's Checklist of North American Birds, 7th Edition, 50th Supplement (7 AUG 2009).

Version 2.0 Compiled By: Doreen Sumerlin, Wildlife Biologist Arapaho-Roosevelt National Forest Sulphur Ranger District, Granby, CO March, 2016 (Second Edition)
